Name/ Title

Company Name Phone

Please note: Any charges incurred as a result of incorrect voltage information is not the responsibility of Martin Yale Industries, Inc. whether corrections are made either made either in-house or in the field. Powering this unit on a voltage or cycle different than that is listed above may result in a lower machine speed and/or reduced capacity.

We require this information as soon as possible in order to get your equipment installed on schedule. Your installation will not be scheduled until this form is completed and returned.
