

DESTROYIT® 2270

Dual purpose shredder with a second cutting head for CDs / DVDs and separate shred compartments for easy material separation and disposal.

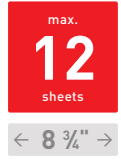

Security level P-2 4 mm strip-cut (3/16 inch)

Sheet capacity: 10-12*

Security level P-4 3 x 25 mm cross-cut (1/8 x 1 inches)

Sheet capacity: 5-6*

*Certified using 8 1/2" x 11" 20 lb. bond and recommended power supply.

Two separate cutting heads with separate feed openings—one for paper and one for CDs / DVDs. Removable shred bin contains separate compartments for easy material separation and disposal. Window in shred bin shows fill level. Transparent safety shield in the feed opening. Automatic power cut-off when bin is removed from cabinet. Double protection against overheating. Automatic start and stop controlled by photo cell. Multifunction control switch with pilot light. High quality, hardened steel cutting shafts take staples, paper clips, credit cards, and CDs / DVDs. Lifetime warranty on the cutting shafts. Quiet and powerful single phase motor. Fully enclosed gear box housing. High quality wooden cabinet.

DESTROYIT® 2270

Features

SOLID STEEL CUTTING SHAFTS

High grade, hardened steel cutting shafts are milled in our Balingen factory and warranted for life.

SAFETY SHIELD

Transparent safety shield keeps fingers out of the feed opening.

SECOND CUTTING HEAD

Separate cutting head for CDs / DVDs has a dedicated feed slot with start and stop controlled by photo cell.

MULTIFUNCTION SWITCH

Operation is controlled by a 3 position rocker switch in combination with a photo cell for automatic start and stop.

SLIDE OUT SHRED BIN

The easy-access shred bin with window eliminates the need for bags and has separate compartments for paper and plastic shreds.
