Shred at the Source!

FD87 Plasti

PLASTIC & LAMINATE SHREDDER

Specially designed dual-blade system handles plastic and laminated sheets

The Formax FD87 Plasti Shredder is built to the highest standards for operator convenience, safety and reliability. The FD87 Plasti features a two-stage dual-blade system to quickly shred plastic sheets, laminated cards, paper and more.

The special cutting system uses a strip cut blade, in conjunction with a spiral blade to ensure efficient shredding while avoiding jams. The solid steel blades are heat-treated and specially ground for longevity and minimal maintenance.

The FD87 Plasti features an easy-to-use LED control panel which puts commercial-grade power right at your fingertips. Additional standard features include a steel cabinet with heavy-duty casters, lifetime guaranteed waste bin, and a powerful AC geared-motor ensure years of reliable performance and information security in your office environment. In addition, the ECO Mode saves energy by automatically switching into standby mode after 5 minutes of inactivity.

The FD87 Plasti is the ideal solution to take on hard-to-shred data, with user-friendly features and commercial-grade durability.

FORMAX[®]

Abilities

Shreds a Variety of Media: Rugged two-stage dual-blade system shreds paper, plastic sheets and folders, laminated ID and insurance cards, synthetic paper, and more

Accepts staples, paper clips and credit cards

Manual Function: For shredding small paper or films which can't be detected by the sensor

Standard Features

Dual-Blade Cutting System: Strip cut blade and spiral blade work together in a two-stage process to efficiently shred media

Heat-Treated Steel Cutting Blades: Specially ground for longevity and require minimal oil

Auto Start/Auto Stop: Optical sensor detects paper and starts operation automatically

LED Control Panel with Load Indicator: Provides machine status and helps operators avoid jams

ECO Mode: Automatically enters energy-saving standby mode after 5 minutes of inactivity

Door Safety Sensor: Motor stops automatically if cabinet door is opened

Auto Reverse: In case of paper jam, built-in controls switch motor into reverse to clear jam

High Quality Geared Motor: Powerful, efficient AC geared-motor with heavy duty steel gears for high performance, minimal noise and continuous operation

All-Metal Cabinet with casters

Auto Sensor: Motor stops automatically when waste bin is full

Lifetime Guaranteed Heavy-Duty Waste Bin

Auto Cleaning: Press reverse button for 5 seconds and motor will run in reverse for 1 minute

Oil Indicator: Control panel LED flashes to suggest oiling cutting blades for optimal performance

Self-Diagnosis System: Records a variety of information for use by service technicians

Thermal Overload Protection

Safety Circuit Breaker: Ensures safe operation

Supplies

Cutting Head Lubricating Oil: #8000-10, six 8-ounce bottles per case

Shredder Bags: Uses #8000-50, case of 100

Warranty

1-Year Warranty: Cutting head and all other parts

Specifications:

Cutting Style:	Cross Cut
Shred Size - Laminated:	.12" x .55" (3 x 14mm)
Shred Size - Paper Only:	.24" x .55" (6 x 14mm)
Paper Capacity:	36 to 38 sheets*
Laminate Capacity:	1mm to 2.25mm stack**
Speed:	10 fpm
Feed Opening:	12.2" (310mm)
Dimensions:	21.6" W x 21.6" D x 38" H
Bin Capacity:	30 gal. (115 liters)
Weight:	238 lbs. (108kg)
Security Level:	P-4
Power Supply:	115V, 60 Hz, 400W

* Paper capacity varies depending on paper type and power supply.

** Capacity varies based on laminate thickness and power supply. Samples can be sent to Formax for testing.

LED control panel with Load Indicator and ECO Mode

Solid steel gears, heat-treated cutting blades, AC geared motor

Dual-blade shredding system uses strip cut and spiral blades

Lifetime Guaranteed Heavy-Duty Waste Bin
