M-OMYJ002

Starter Kit includes:

Padding Compound 1 qt. - Red & White
2" Padding brush - 4 each
Pad Separating Knife
Adjustable Pad Counter 4"

- Ideal for print shops large or small
- Simple operation that makes it easy to handle most padding jobs
- Works great for carbonless forms, note pads, and scratch pads
- Has wing screws that tighten by hand - no tools necessary
- Machine can be tipped back to allow paper to be pressed against the removable back to ensure squareness
- Padding compound sold separately
