Solid State Media Destroyers

Hard Drive Shredders

Optical Media Shredders

Paper Shredders

Hard Drive Crushers

Degaussers

MAGNETIC MEDIA DEGAUSSERS

No matter what type of magnetic media you have, from High Security/Classified to Sensitive/ CUI (Controlled Unclassified Information) SEM has a degausser to erase it.

For help determining which SEM degausser is best for you, talk to an SEM application specialist. We'll make sure you get exactly what you need.

All SEM Degaussers are made in the United States.

NSA LISTED DEGAUSSERS - Included on the August 2014 NSA/CSS) Evaluated Products List

EMP1000-HS Electromagnetic Degausser

Features the industry's only high resolution LCD touch screen for the ultimate in ease of use and operator feedback.

Accepts any magnetic/rotational hard drive up to 1.0" thick as well as computer tapes. A magnetic field strength indicator confirms media has been degaussed to an acceptable level.

- Magnetic Field: 2.0 Tesla / 20,000 Gauss
- LCD Touchscreen shows field strength, diagnostics and status
- Sanitizes LMR & PMR drives to 5,000 Oe and tape to 2,800 Oe
- Cycle time: 25 sec. (actual degauss time 100 ms)
- Drawer opens automatically after degaussing
- Built-in Magnetic Field Sensor with verification for every cycle
- On-Board "smart logic" diagnostics
- Universal Power input with auto sensing voltage - 120V-240V / 50-60Hz.
- Dimensions/Weight: 11.4" x 19" x 23" / 155 lbs.

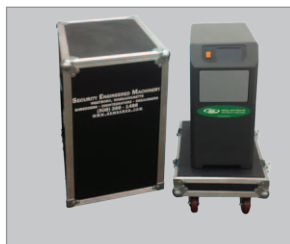

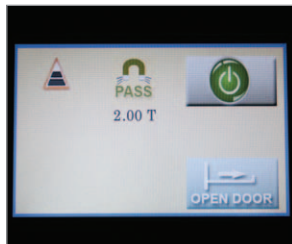

GSA Price..... \$15,750.00

TS-1 Data Eliminator

- 2.0 Tesla / 20,000 Gauss
- Built-in magnetic field verification
- Accepts drives/tapes to 1" thick
- Cycle time: 45 second
- LCD Display shows field strength, media count and diagnostics

GSA Price..... \$16,775.00

DEGAUSSERS FOR CUI INFORMATION

EMP1000 Electromagnetic Degausser Highest magnetic field strength

- Magnetic Field: 1.6 Tesla / 16,000 Gauss
- Cycle time: 15 sec. (actual degauss time 100 ms)
- Built-in Magnetic Field Sensor with verification
- On-Board "smart logic" diagnostics
- Universal Power input with auto sensing voltage for 120V-240V operation at 50-60Hz.
- Dimensions/Weight: 11.4" x 19" x 23" / 150 lbs.

GSA Price..... \$7,450.00

HD-2 Degausser

Erases hard drives and tape media up to 1.5" thick without any adapters.

- Cycle Time: 60 Sec.
- Magnetic field: .83 Tesla / 8,300 Gauss

GSA Price..... \$3,350.00

SD-Mobile No Power Required Degausser

Fixed magnet degausser operates with simple hand crank - needs no electricity

- Cycle Time: 5 Sec.
- Magnetic field: 1.2 Tesla / 12,000 Gauss
- Optional: Erase verifier auto stamp

GSA Price..... \$4,999.00

HD-3 WXL Degausser

Erases hard drives and tape media up to 1.66" thick without any adapters.

- Cycle Time: 9 Sec.
- Magnetic field: .93 Tesla / 9,300 Gauss

GSA Price..... \$7,575.00

HARD DRIVE CRUSHERS

NSA Listed

Model 0101 Crusher

These time tested units use a conical steel punch to deliver 12,000 lbs. of force to pierce, bend, crush and mangle any size, format or type drive up to 1.85" thick. With a 9" deep destruction cavity, the Model 0101 is **the only powered unit that accepts most hot-swap drives with rails/handles**. Destroys up to 6 notebook drives in a single cycle. Energy Saving Green Feature: Unit draws ZERO power when not crushing.

- **NSA Evaluated and Listed Hard Drive Crusher**

- Destruction Cycle: 8 seconds
- Electrical: 115/1/60Hz, standard 15Amp outlet
other voltages available
- Motor: 1/3 HP., Weight: 120 lbs.
- Dimensions: 22"H x 10"W x 19"D
- Optional Deployment Case available

GSA Price.....\$4,350.00

Crush 6 notebook drives at a time

Model 0100 No Power Required Crusher

GSA Price.....\$950.00

HARD DRIVE SHREDDERS

With 13 models of Hard Drive Shredders, no one has more Hard Drive Shredding solutions than SEM.

- Thruput capacities of up to 500 to 3,500 drives per hour
- Saw tooth hooked cutters literally rip hard drives to shreds
- Choose from three particle sizes: 1.5", 1.0", 0.75"
- Take-away conveyor standard on most units
- Optional in-feed conveyor available on most models
- Clean, quiet, vibration-free operation
- HEPA filter and other options available, call for details

See every model at semshred.com/all_hd_shredders

Model 0300 - same cabinet as Model 0303

Model 0305 - same cabinet as Model 0301, 0302

Model 0304

Optional feed conveyor for Models 0301, 0302, 0304, & 0305

MODEL	PARTICLE SIZE	THRUPUT CAPACITY	FEED OPENING	DRIVE THICKNESS	MOTOR	ELECTRICAL	GSA PRICE
Model 0300-1.5	1.5" x random	up to 500 per hour	4.5" x 1.5"	up to 1"	1.0 HP	110/220-20Amp/ 1-Phase	\$18,950.00
Model 0303-1.5	1.5" x random**	up to 900 per hour	5.2" x 1.5"	up to 1"	3.0 HP	208/230/460/3-Phase	\$25,400.00
Model 0301-1.5	1.5" x random	up to 2,000 per hour	8" x 2.5"	up to 1.65"	5.0 HP	208/230/460/3-Phase	\$34,950.00
Model 0302-1.5	1.5" x random **	up to 2,500 per hour	8" x 2.5"	up to 1.65"	7.5 HP	208/230/460/3-Phase	\$36,900.00
Model 0305-1.5	1.5" x random **	up to 3,000 per hour	8" x 2.5"	up to 1.65"	10 HP	208/230/460/3-Phase	\$42,000.00
Model 0304-1.5	1.5" x random **	up to 3,500 per hour	11" x 2.5"	up to 1.65"	20 HP	208/230/460/3-Phase	\$48,450.00

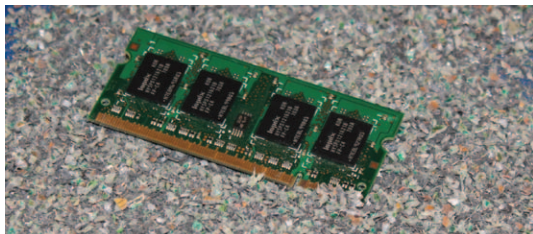

*Depends on size/type of drive and proper power. ** 1.0" and 0.75" particle sizes also available.

SOLID STATE HARD DRIVE DESTRUCTION PARTICLE SIZES AS SMALL AS 2mm!

These systems are customized to meet the volume and space requirements of the customer. They are equipped with a variety of safety, ease-of use and operator friendly controls.

In addition to the two machines shown here, SEM can configure custom solid state destruction solutions for many applications.

SEM can even upgrade an existing disintegrator to an SSD solution. Call us at 800-225-9293 and we'll work with you to create a system that best meets your needs.

Actual waste particles - 2mm nominal size.

Solid State 2mm Destruction Systems
Prices starting at \$42,334.00

SOLID STATE HARD DRIVE DESTRUCTION CUI / PII DATA for Government and Commercial Users

Because Solid State Drives are configured with a variety of small storage "chips" HDD Shredders and crushers with the capability to damage each chip are an ideal solution for drives that contain CUI (Unclassified Information) or PII (Personally Identifiable Information).

SSD Hard Drive Shredders - .375" Particle Ensure destruction of the "chips" found in Solid State Drives.

Model 0303-.375
GSA Price: \$30,900.00

Model 0301-.375
GSA Price: \$39,950.00

Model 0302-.375
GSA Price: \$43,950.00

Model 0304-.375
GSA Price: \$55,950.00

Model 0305-.375 (not shown) GSA Price: \$51,000.00

PD-5SSD-1 Solid State Crusher

- 90 pins pierce SSD causing perforation and warping, destroying individual memory chips
- Quiet, office friendly design
- Crush Time: 9 seconds
GSA Price \$7,434.00

Solid State Media that can be destroyed by the equipment on this page

- Optical Disks (CDs & DVDs)
- BlackBerrys
- Cell Phones & PDAs
- Tablets
- Cameras
- Floppy Disks
- ID Badges
- Key Access Cards
- Credit Cards
- USB Flash Drives
- Compact Flash

Hazardous materials such as batteries and capacitors should be removed prior to destruction.

MIXED MEDIA DISINTEGRATORS

Addressing the destruction challenges of mixed media

All SEM Mixed Media Disintegrators are made in the United States.

All four systems on this page are listed on NSA/CSS 02-02 Evaluated Products List (EPL) for High Security Disintegrators

Mixed Media that Can be Destroyed

Optical Disks (CDs and DVDs), Cell Phones, PDAs, Tablets, Cameras, Floppy Disks, ID Badges / Access Cards, Credit Cards, Key Tape, USB Drives, Compact Flash, SD Cards

Series 200

Compact, light/medium volume office disintegrator.

- Particle Size: 3/32" or 3/8" User Selectable
- Collection System: 35 Gallon with air filter
- Operates on single phase power

Built-in Pre Shredder is fully integrated with Model DS-200

Model DS-400

For higher thrupt capacities, the Model DS-400 is equipped with a powerful 3 HP motor.

- Particle Size: 3/32" up to 3/8" User Selectable
- Solid Steel Cutting Chamber
- Collection System: 35 Gallon with air filter
- Feed rate indicator light
- 3 HP motor

For use with e-media small enough to fit into feed chute. Memory Cards, SIM Cards, Compact Flash, USB Drives, etc.

Model 200-E

Specially configured for the destruction of electronic components such as SSD chips, thumb drives, flash media etc.

- Particle Size: 3/32" up to 3/8" User Selectable
- Accepts media up to 4" x 5" x 0.5" thick
- Collection System: 3 Gallon internal vacuum system
- Feed rate indicator light
- 1/2 HP motor / Single phase power

MODEL	MOTOR	FEED OPENING	WASTE CAPACITY	GSA PRICE
200e	.5 HP	4" x 5" x .5"	3 Gallons	\$7,686
200	.5 HP	2" x 9"	35 Gallons	\$8,454
DS-200	1 HP	2" x 9"/10" Paper	35 Gallons	\$10,887
DS-400	3 HP	2" x 9"	35 Gallons	\$13,995

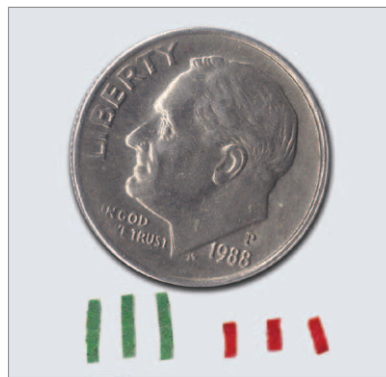

*Depends on size/type of drive and proper power. Jackhammer models can be configured for shredding solid state drives, contact SEM for details.

HIGH SECURITY PAPER SHREDDERS

NSA/CSS 02-01, Level 6 / Level P-7

High security paper shredders are used to destroy Classified documents (information that is vital to National Security). While there are literally hundreds of models of shredders available from a wide variety of sources, there are considerably fewer models of and sources for high security paper shredders. SEM offers more models of High Security paper shredders than any other manufacturer.

- Particle Sizes: meet DIN Level P7 or 8
- Sheet Capacities: up to 18 sheets per pass
- Most units equipped with factory installed automatic oiler
- Eight models have received Blue Angel certification for products that are ECO and Health Friendly
- Model 1201CC is the only unit NSA evaluated **without oil**
- Supplied with starter supply kits with waste bags and lubricating oil
- Electrical Power: 120V / 60Hz, 220-230V / 50Hz available

The Model 344 - Even More Secure
with a 0.8mm x 2.5mm particle size

Level 8 Particle (red) is 50% smaller
than Level 7 particle (green)

SEM-PRO Feature Group

Exclusive features for safety, productivity, energy savings and ease of use. Visit www.semshred.com/sempro for details.

CUI and PII PAPER SHREDDERS

Level P-4

Controlled Unclassified Information (CUI) and Personally Identifiable Information (PII) are designations that refer to information that does not meet the standards of National Security Classifications under Executive Order 13526. However, when eliminating CUI information “you must do so in a manner that makes it unreadable, indecipherable and irrecoverable”. While there are no specific particle sizes that define this mandate, a Cross Cut Paper Shredder should be used. These shredders cut in two directions and produce “confetti” of various sizes. Shredders offered by SEM are ideal for this purpose. They produce a 5/32” x 1 -5/32” (4 mm x 40 mm) particle size and are often referred to the International DIN Level P-4.

- Sheet Capacities: up to 52 sheets per pass
- Cross-Cut shred size 5/32” x 1 5/32” (4mm x 40mm)
- Our most popular units feature factory installed automatic oiler with one gallon jug— no messy reservoirs to fill
- Blue Angel certified for products that are ECO and Health Friendly
- Electrical Power: 120V / 60Hz, 220-230V / 50Hz available

All SEM Shredders available as deployment kits. Visit semshred.com/dep

SEM-PRO Feature Group

Exclusive features for improved safety, productivity, energy savings and ease of use. Visit www.semshred.com/sempro for details.

OPTICAL MEDIA SHREDDERS

Meets NSA/CSS 04-02 for Optical Media

Model 0202 OMD Dual Voltage Optical Media Destroyer

High capacity optical media shredder with LCD Touch Screen Display for ease of use and visual operator status. 1 HP motor with **Auto Sync - Dual Voltage at 120V/60Hz or 230V/50Hz (includes both cords).**

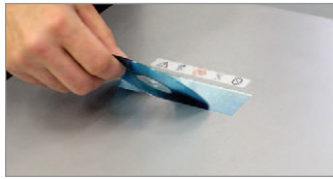

- Meets NSA/CSS 04-02
- Residual Particle Size 2.0mm x 3.9mm
- NSA Rating: 2,400 disc/hour
- Oiler not required - cutters lubricated by bio-based based sheets
- Small, compact design on casters for easy maneuverability
- Ideal for credit cards and ID badges

Model 0202 OMD

GSA Price.....\$3,595.00

Model 0202 OMD DEP Deployment Kit

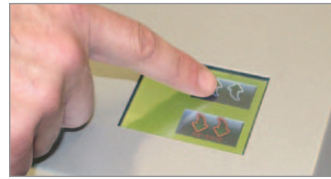

GSA Price.....\$4,795.00

Convenient disc feed slot

Particle meets NSA size requirements

LCD touch screen display for simple operation and visual operator status.

Standard United States and international power cords included.

Model 250 Optical Media/Key Tape Disintegrator

Destroys key tape and/or optical media. Ideal for credit cards, key cards, ID badges, and floppy disks. Includes 1 gallon vacuum. Meets NSA/CSS 04-01 for key tape and 04-02 for optical media.

- Particle Size: 3/32" or 5/64"
- Thruput Discs: 720/hour NSA Rated
- Key Tape Thruput: 70 discs/hour

Model 250C - with Cabinet

GSA Price.....\$3,738.90

Model 250DEP Deployment Kit

GSA Price.....\$4,620.00

Model DX-CD2 Optical Media Grinder

Grinds the information layer off of media to a particle size of 250 microns leaving only a high grade polycarbonate disc that is suitable for recycling.

- Meets NIST SP 800-88 standard for Optical Disc Destruction
- Approved for CDs and DVDs by the RCMP
- Electrical: 110V/60Hz or 220V/50Hz available
- Fast operation – 18 sec. per disk
- NSA Thruput: 150 discs/hour
- Lightweight and portable

GSA Price.....\$1,499.00

Meets NSA/CSS 04-02 for Optical Media

Comparison of data bearing disc and disc run through DX-CD2

All units on this page meet the requirements of NSA / CSS 04-02 for optical media destruction

Order online: www.semshred.com

Call SEM toll-free: 800.225.9293

OPTICAL MEDIA SHREDDER COMBOS

Model 8730HS

Destroys paper and optical media. Has two feed openings and collection bins.

- NSA Evaluated and Listed for Paper and Optical Media
- Paper Particle Size: 1/32" x 3/16"
- Paper Sheet Capacity: 15
- Optical Media Particle: 1/16" x 5/32"
- Disc Throughput: Up to 2,000/hour
- Includes Auto Oiler
- Bin Capacity - Paper: 31 Gallons
- Bin Capacity - Discs: 18.5 Gallons

GSA Price..... \$5,859.00

OPTICAL MEDIA / PAPER SHREDDER BUNDLES

Many customers prefer a two unit solution over a combo system. If an "all-in-one" machine fails neither paper nor optical media can be shredded. However, if one of the machines in a two unit solutions fails the shredding can continue with the other. Two unit solutions typically offer **higher throughputs, larger waste collection bins, reduced energy consumption and similar space requirements.**

SEM offers three bundled solutions.

Model 0202/1324 GSA Price..... \$3,999.00

Model 0202/2226 GSA Price..... \$4,999.00

Model 0202/244 GSA Price..... \$5,799.00

Visit: semshred.com/opticalbundles

PAPER SHREDDER BUNDLES

Bundle and save all while working to meet sustainable acquisition goals

To simplify the purchasing process and to provide the best value, SEM has created Premium Bundles. All SEM Shredders are available as Premium Bundles. They include the base model shredder along with following value added items:

- **Extended Warranty:** Extends standard warranty by an additional one year, for parts and 180 days for labor.
- **Annual Preventative Maintenance Contract:** Includes one scheduled at-site visit by an authorized SEM Service Technician
- **Premium Supply Kit:** Includes case of eco-friendly oil and case of waste collection bags.

Go Green & Save: ECO-FRIENDLY BUNDLES

To help you meet sustainability goals, we have converted these value bundles to Eco-Bundles. They include bio-based USDA certified cutting head lubricant that provides performance equal to our conventional oil, and causes no negative environmental impact.

FULLY CONFIGURED SYSTEMS

Let SEM's experienced disintegrator experts configure a complete system tailored to your information destruction needs and optimized for peak performance. Configured systems include: **Disintegrator, Sound Enclosure, Waste Collection System and a variety of options** for maximum effectiveness.

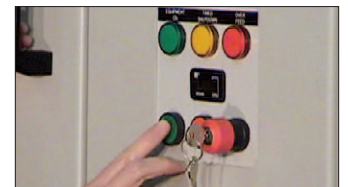

Typical Configuration shown with:

- Cutting System Upgrade 7 Blade
- Waste Evacuation Air System
- Sound Proof Hopper and Base
- Modular Sound Enclosure
- Push Button Controls
- Digital Hour Meter
- Disintegrator Tool Kit
- Spare Set of Knives (Bed & Rotor)
- Heavy Duty Waste Bags (300)

SEM's exclusive solid rotor has more mass for more cutting force and longer life

Optional Platinum User Interface with key lockout, timed shutdown, feed rate/status indicators, hour meter, start/stop button and e-stop

For system configuration assistance, specific details and pricing call SEM.
